

Christen F. Kutz, PhD, PA-C
Colorado Springs Neurology Associates

Christen Kutz is a Physician Assistant Specialist at CSNA in Colorado Springs. She is the Director of Research and head of CSNA's Huntington's Disease Clinic.

Christen completed her M.S. in Physician Assistant Studies at Desales University in Pennsylvania, and her Doctor of Health Science and PhD at Nova Southeastern University in Florida. She graduated with honors in 1999, and spent the subsequent 22 years working in diverse clinical environments, including with Penrose-St Francis and Memorial Hospital Central. In 2011, she joined CSNA.

Dr Kutz specializes in Multiple Sclerosis, Huntington's Disease, Memory Disorders and headaches. She frequently speaks at events hosted by the Multiple Sclerosis Alliance of Southern Colorado.

Christen is married with two young daughters. She enjoys spending time with her family and attending sporting events.
