

John L. Sherman, MD

John Leonard Sherman, MD is a neuroradiologist with Colorado Springs Imaging. He specializes in the imaging of cognitive and amnesic disorders.

Dr. Sherman has a passion for integrating cutting edge, peer-reviewed published research into the outpatient Neuroradiological setting. He is the director of Colorado Springs Radiology's Elite MRI division, where enhanced multi-parametric imagery is providing objective evidence of brain injury that standard brain scans are unable to detect.

Dr. Sherman graduated from the Tufts University School of Medicine in 1976, and went on to complete his residence at Walter Reed Army Medical Center. His writings on disorders of the central nervous system have received over 120 medical journal citations.
