Balancing Potential Benefits & Risks in MS Treatment

Living with multiple sclerosis (MS) can leave you with many questions about treatment. During this presentation, an MS expert speaker will explain what to consider and how to work with your healthcare team to make treatment decisions. You'll learn about the importance of early treatment, weighing the potential benefits and safety risks of treatment, and forming a treatment plan. You'll also hear from someone living with MS.

Date: Tuesday, August 17, 2021

Time: 1:00 PM MST to 2:30 PM MST

Location: Online Webinar Program

Event ID: 23620

MS Expert Speaker: Christen Kutz, PhD, PA-C, Colorado Springs Neurological Associates

Patient Speaker: Sheri P
